

AMENDMENTS TO THE SPECIFICATION

Please amend the Specification as described below.

Please amend the paragraph numbered [0046] on page 10 of the Application, as follows:

[0046] Figure 1 is a block diagram an electronic device network 105 according to an embodiment of the present invention. In the electronic device network illustrated in Figure 1, an electronic device, for example mobile handset 107, may be communicatively coupled by a wireless infrastructure 145 to at least one of a plurality of device servers, such as device server A 135 and device server B 137, for example.
